## CALL FOR VOLUNTEERS

The War Department Has at Last Been Heard From.

OTHER STATES ARE READY.

Only One State Seems to Be Unwilling to Answer.

THAT ONE IS MASSACHUSETTS.

Governor Wolcott May, However, Change His Mind When He Finds How Readily Every Other State of the Union Has Responded to the Call to Arms.

Washington, April 26.—The war department has issued a call on the states for their quota of troops. Ohio will furnish six regiments of infantry, four light batteries and two squadrons of cavalry, to rendezvous at Columbus.

Indiana is expected to line up at Evansville with four regiments of infantry and two light batteries, while Kentucky will assemble three regiments of infantry and two troops of cavalry at Louisville.

Ready For Muster.

St. Paul, April 26.—At 10 o'clock p.m. Governor Clough received formal notice for the call of volunteers, and immediately ordered Minnesota's three regiments of infantry to prepare to move at once. They are to report at St. Paul, and it is expected to locate them temporarily at Fort Snelling. The Minnesota troops are ready for muster.

Await Orders to Move.

St. Paul, April 26.—Governor Clough will direct Minnesota volunteers to mobilize in St. Paul, but can not set a date until he receives the formal notice from Washington. The three Minnesota regiments called for are already enlisted, officered, armed and equipped, and simply await orders to move.

Ready in Sixteen Hours.

Madison, Wis., April 26.—Governor Scofield has notified the war department that Wisconsin can mobilize 2,500 equipped militia of the National Guard in from eight to sixteen hours. The quota is three regiments, so all will go, as all have volunteered.

Troops Are Ready.

Boston, April 26.—Governor Wolcott received an official call for troops. He immediately replied that troops and equipments are ready, but made no reply to inquiry if troops are ready to be mustered into the United States service.

Militia Will Stay at Home.

Boston, April 26.—Governor Wolcott has issued a statement setting forth that Massachusetts militia must be used to guard this state's coast line. Volunteers to President's call must be volunteers in fact.

No Order Yet Issued.

Jefferson City, Mo., April 26.—Governor Stephens will not issue an order for troops until he receives the detailed call from Washington. He wired the secretary of war for permission to use Jefferson barracks.

Delaware Will Respond.

Dover, Del., April 26.—Governor Tunney has received Secretary Alger's call for Delaware's quota of troops, and has ordered the one infantry regiment of State National Guard to assemble at Middletown.

Missouri Gets a Call.

Jefferson City, Mo., April 26.—Governor Stephens received a telegram from the president calling for five regiments of infantry and one light battery.

Colorado Hears It.

Denver, April 26.—On orders from Washington Governor Adams ordered to Denver one regiment of infantry and one light battery.

Send For One Regiment.

Charleston, W. Va., April 26.—Governor Atkinson, on orders from Secretary of War Alger, sent out for one regiment of troops.

The Hoosiers Called.

Indianapolis, April 26.—Governor Mount issued his proclamation calling upon the Indiana guard to assemble in this city at once.

Ordered to Mobilize.

Harrisburg, April 26.—Governor Hastings ordered the entire National Guard of the state to mobilize at Mount Gretna on Thursday.

Official Order Received.

Harrisburg, April 26.—Governor Hastings has received the official order from Secretary Alger for Pennsylvania troops.

Illinois Militia Called.

Springfield, Ills., April 26.—Governor Tanner has received an order from the president calling for state troops.

## AN FORMAL DECLARATION OF WAR.

WASHINGTON, April 25.—The House of Representatives to-day passed the bill declaring the existence of a state of war between the United States and the Kingdom of Spain in a manner which can not fail to impress the world. The representatives of 70,000,000 people voted for it without a word of debate, without a dissenting vote and without a roll-call, but with a solemn appreciation of the gravity of their momentous action. It required but one minute and forty seconds to accomplish this.

KEY WEST, April 25.—Havana is preparing the blow at the blockading squadron. It is planned to fit out some of the little gunboats and seagoing tugs in the harbor as torpedo boats and attempt to destroy one or more of the American ships at night. The Government has seized the big tug Azular, belonging to Ramon Herrera, as well as the Susie, Gonzalez and El Cano, all tugs, and is preparing them for the venture. Guards prevent approach to the tugs, but the secret is known to half Havana to-day.

### Spanish Instructions Published.

Madrid, April 26.—The Official Gazette published the instructions of the Spanish government respecting the right of search of neutral vessels. In brief they set forth that warships may detain merchantmen in any non-neutral waters for the purpose of verifying the authenticity of the flag and for examining the cargo, if the vessel is bound for a hostile port. A dispatch from Barcelona says the cancelling of coal contracts by British firms will lead to a paralysis of the local men. The anti-British feeling, therefore, is receiving accentuation.

### Another Spanish Trick.

London, April 26.—The Spanish ambassador, Count Raso, has intimated to United States Ambassador Hay that he is issuing a statement to the newspapers setting forth that the ambassador of Spain is not authorized to make enlistments. There is evidence, however, that the Spanish authorities here are endeavoring to secure engineers in spite of the foreign enlistment act. Colonel Hay concludes the matter is too small game to warrant him in protesting to the British foreign office unless it assumes larger proportions, but the British authorities may act on their own initiative.

### Deny the Firing.

Madrid, April 26.—Despite the reports from America, the forts at Havana have not opened fire yet upon the American fleet, which has never yet been within range. The Americans have not cut the cable to Key West. The government is receiving telegrams via Jamaica and Bermuda. It is pointed out by officers that the nondelivery of the ultimatum leaves the United States under no pledge in respect of the reservations with regard to Cuba.

### Captain Sigsbee Challenged.

Toronto, April 26.—Lieutenant Carreño of the suite of Señor Polo y Bernamego was seen relative to the report that he had challenged Captain Sigsbee of the Maine to fight a duel. The lieutenant corroborated the story. He said he had sent his challenge on the 20th, and if he does not hear from Captain Sigsbee by the 28th he will brand him as a coward. Should Captain Sigsbee refuse the lieutenant will then challenge Consul General Lee.

### Organizing Into Corps.

Chickamauga National Park, Ga., April 26.—Organization of the troops of the United States army at Chickamauga into an army corps has practically been decided upon. No general order has been issued to this effect, nor will such an order be issued until such time as the various regiments of infantry and artillery now on their way to the park are actually encamped here.

### Lee May Ride Blanco's Horse.

New Orleans, April 26.—At the auction sale of the mules and horses intended for the Spanish army in Cuba, which the government prevented from leaving, a handsome Kentucky horse intended for Blanco was purchased by A. A. McGinnis, a wealthy manufacturer, who intends presenting him to Fitzhugh Lee if the latter returns to Cuba as an American general.

### Fleet Yet at Cape Verde.

St. Vincent, Cape Verde Islands, April 26.—Visiting the Spanish fleet has been forbidden, and no maneuvering, target practice or exercising whatever is proceeding. All the ships have been painted black since they arrived here. No shore leave is granted. The cruisers, including the Vizcaya and the Almirante Oquendo, have been coaling from the Ciudad de Cadiz.

### Tendered His Services.

St. Louis, April 26.—Professor O. F. Wood, principal of L'Overture (colored) school, has sent a communication to Governor Stephens tendering the services of himself and 1,000 negroes for the volunteer army. Professor Wood is a brigadier general of the colored Knights of Pythias of Missouri and Kansas.

### Under Sealed Orders.

New York, April 26.—The American

line steamer St. Louis and the New York (now the United States steamer Harvard) are being coaled, every inch of space usually used for freight being filled with coal. They are both under sealed orders to sail, and nothing definite can be learned as to their destination.

### Better Start for Home.

Buenos Ayres, April 26.—The Spanish gun vessel Temerario is still lying at anchor in the outer roads at Montevideo, and it is believed that she will remain there for the present. The United States battleship Oregon and the gunboat Marietta have not yet been sighted.

### They Want a Republic.

Madrid, April 26.—About 20,000 republicans of all shades of opinion have signed an address to Señor Castellar, the republican leader, under the pretext of congratulating him upon his recovery from recent sickness, but in reality offering him their services if he proclaims a republic.

### Will Be Tied Up.

London, April 26.—The officials of the United States embassy fear the United States torpedo boat Somers, now at Falmouth, is destined to remain in England for some time to come, as the neutrality proclamation will be issued at once.

### Landed on Cuban Soil.

Havana, April 26.—The torpedo boat Porter made a daring trip into the shore under cover of darkness Sunday night, and Lieutenant Fremont, her commander, landed with a small party and obtained valuable information.

### May Go to War.

Lima, O., April 26.—The Standard Oil company has notified all of its employees here that it will sanction the act of any who enlist in the army, and their positions, if not better ones, will remain open to them until they return.

### Flashed Her Light.

Key West, April 26.—When darkness came on Sunday night Morro castle showed a powerful searchlight, and flashed it nervously around the horizon. No shots were fired.

### Nurses Desired.

Cleveland, April 26.—Recruiting Officer Day, located here, received orders from Washington to enlist all the men he possibly could for the hospital corps. Men between 21 and 35 are wanted. Experience in nursing is a requirement, but Captain Day's orders are to enlist all the men who would be useful in the hospital branch of the service.

### Moravia In Quarantine.

New York, April 26.—The Hamburg American line steamer Moravia, which arrived from Hamburg, is detained at quarantine, owing to a case of smallpox among her steerage passengers. The passengers will be vaccinated and the steamer disinfected before proceeding to her dock.

### The Omaha Exposition.

Omaha, April 26.—The report that the war with Spain will cause a postponement of the Transmississippi exposition is utterly without foundation. The work vigorously proceeds and everything will be in readiness for the opening day, June 1.

### Officially Notified.

London, April 26.—The British foreign office was officially notified of the proclamation of the president of the United States in regard to neutral vessels and neutral goods and the blockade of the island of Cuba by the United States fleet.

### Cotton Brokers Fail.

Liverpool, April 26.—The suspension of the firm of Sherwood, Thompson & Company, cotton brokers, was announced. The firm had few outstanding obligations in the United States.

### To Protect French Interests.

St. Thomas, West Indies, April 26.—The third class French cruiser Rigault leaves here for San Juan de Porto Rico to protect the interests of France in those waters.

## TO RAISE THE REVENUE

War Tax Measure Revised and Reintroduced.

### NEWSPAPERS CARED FOR.

Messages to Them Will Not Require Any Stamp.

### SILVER AMENDMENT PREPARED.

Besides Providing for the Coinage of the White Metal It Also Lays a Tax on All Incomes Over Two Thousand Dollars.

Washington, April 26.—The Republican members of the ways and means committee had another conference, as a result of which Chairman Dingley at a late hour reintroduced his war revenue bill with a number of important amendments framed to meet objections.

There are two new features. One, which is made section 25, gives authority for the taxed parties and concerns to meet the increased rates. It follows:

That any person, firm or corporation who shall have made any contract prior to the passage of this act and without other provision therein for the payment of taxes imposed by law, enacted subsequent thereto, upon articles to be delivered under such contract, is hereby authorized and empowered to add to the price thereof so much money as will be equivalent to the tax imposed on said articles by this act, and not previously paid by the vendor, and shall be entitled by virtue hereof to be paid, and to sue for and to recover the same accordingly.

And in all cases of articles manufactured or produced in whole or in part, upon commission or where the material is furnished by one party and manufactured by another, if the manufacturer shall be required to pay under this act the tax hereby imposed, such person or persons so paying the same shall be entitled to collect the amount thereof of the owner or owners, and shall have a lien for the amount thus paid on the produced or manufactured goods.

The amended bill imposes a tax on telephone messages as follows: For 30 miles or more, where the charge does not exceed 25 cents, 1 cent; where the charge exceeds 25 cents and does not exceed \$1.50, 2 cents; from \$1.50 to \$5, 5 cents; any charge exceeding \$5, 10 cents. Official messages of the United States government are exempt from this tax, as well as that on telegraph messages. Owners and operators of long-distance lines are required to report monthly to the commissioner of internal revenue on the number of messages during the preceding month of a distance of 30 miles or more for which a charge has been made, together with the amount received, under a penalty of not exceeding \$500 for failure to report.

For the expenses of assessment and collection of these taxes \$100,000, or so much of that as is necessary, is appropriated for the employment of such deputy collectors and other employees in the several collection districts of the United States as may be necessary.

Punishment for failure to require an adhesive stamp duty on any dispatches or messages is waived in the case of press news dispatches. Bank certificates of deposit, not drawing interest, are taxed 2 cents, and those drawing interest 5 cents. There are many other minor changes.

The Democratic members of the committee have a substitute proposition for the bond issue, which is briefly as follows: To coin \$50,000,000 of the seigniorage now in the treasury into standard silver dollars, to issue \$50,000,000 of certificates of indebtedness at a low rate of interest, and to institute an income tax of 3 per cent on all incomes over \$2,000.

### Nothing Wrong With Astor.

Washington, April 26.—John Jacob Astor of New York, not content with offering the government free his splendid yacht Normahal and free transportation for troops and supplies over the railroads in which he is interested, has come forward with notice that he has raised and equipped at his own expense a battery of artillery, which he desires to offer to the government under his own plans for service in Cuba. This offer probably will be accepted.

### War Is Declared.

Washington, April 26.—Congress formally declared war to exist between the United States and Spain; the senate passed the naval appropriation bill carrying large amounts of money for the improvement of our sea fighting arm of the federal service; the Hull army reorganization bill was passed by the senate and now goes to conference, and the war department called on the several states for their quota to the volunteer army of the United States.

The course of the war will make the news each day more exciting. The BULLETIN has made arrangements for a special wire service, and will each day be furnished with the latest developments should anything occur to justify the sending of a special. The events of yesterday were not important, and what news transpired was told briefly in the BULLETIN. Under instructions from Washington supervision of the cable lines has been assumed by the Government, and it is understood any reference to the movements of vessels will hereafter be rigorously excluded from the dispatches.

There is not likely to be anything special received from this on unless something very important occurs, and when it does happen this paper will promptly post the message on its bulletin board for the benefit of the public.

An exchange takes note that up-to-date Mark Hanna has not tendered his services to the Government as a soldier.

GEN. GROSVENOR, of Ohio, who is usually the rankest of partisans, gives great praise to the Democrats for their loyalty and patriotism.

It is intimated that if John Wanamaker should go to war the life insurance companies will probably furnish him a coat of mail. He is entirely too valuable a man to the insurance companies to be shot.

The Louisville Dispatch asks Virginians not to be selfish and claim Fitzhugh Lee as the Commander of Virginians only, for among many others Virginia's first born, Kentucky, would like her sons to march to victory under the lead of the gallant Virginian and American.

CONGRESSMAN PUGH will probably have no opposition for the Republican nomination for Congress in the Ninth district.—Courier-Journal.

Well, Mr. Pugh will have more opposition than the average candidate cares to have and some who are mentioned will give Congressman Pugh a run for his money.

### COUNTING THE COST.

A recent dispatch from Pineville says that "Judge Neal has issued a call for the Fiscal Court to meet here to-morrow (15) for the purpose of disposing of claims against the county which were incurred during the 'small-pox' epidemic. The claims amount to *four thousand eight hundred dollars*, and it is believed that all but five hundred dollars will be rejected by the court." The bill at Richmond (Ky.) footed up *three thousand five hundred dollars*, which, considering the number of patients treated, seems to be quite within bounds. From fifty to a hundred cases would make comparatively a small sum per head. If Judge Neal and his Magistrates succeed in effecting the contemplated reduction of expenses, the facts ought to be reported in detail.

Bangkok, Siam, April 26.—United States Minister Barrett suggests that after America has captured the Philippines she should negotiate with Great Britain to exchange them for the latter's west Ildies colonies.

### A Pair of Opinions.

Courier-Journal: "Gen. Woodford has twice allowed himself to be outwitted in the game of diplomacy. Instructed to demand the recall of Dupuy he permitted the Spanish Cabinet to accept the Minister's resignation before acting, and given the President's ultimatum he permitted himself to be surprised with his passports. When it is remembered in addition to this, that he could talk the Spanish into peace, one is bound to acknowledge that Gen. Woodford is not a success in the diplomatic field."

Lonisville Dispatch: "Minister Woodford lost his yellow robe and peacock feather when he failed to present the ultimatum to Spain. He has proven his unfitness for the position he holds to the entire satisfaction of everybody."

### A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at J. Jas. Wood's drug store.

### THEY'RE FRIENDS AGAIN.

Speaker Reed and Democratic Leader Bailey Make Up Their Differences And Resume Friendly Relations.

[Louisville Dispatch.]

WASHINGTON, D. C., April 22.—A serious rupture of friendly relations between Speaker Reed and Mr. Baily of Texas, the leader of the Democratic minority, has been narrowly avoided. While in a partisan sense the speaker and Mr. Baily have been bitter opponents, their personal relations have always been pleasant until last Monday, when Mr. Baily received from the speaker what he considered an insult, which, according to his notions, demanded an explanation. After quite a wrangle the regular order was proceeded with, and everybody in the House supposed that the incident had closed. Mr. Baily, however, wrote a note to the speaker, in which he demanded to know if the speaker had intended to insult him. He gave a note to Representative Cooper of Texas to deliver to Mr. Reed. Mr. Cooper delivered the note. The following day the speaker wrote Mr. Cooper a note, in which he disclaimed any intention of offering an insult to Mr. Baily.

When Mr. Cooper brought this note to Mr. Bailey, the latter, seeing that it was addressed to Mr. Cooper and not to him, refused to read it. He then called upon Mr. Sullivan of Mississippi and handed him another note to be taken to Mr. Reed. Mr. Sullivan delivered the note, and at the same time informed the speaker that the reply must be addressed to Mr. Bailey. The speaker said he thought to much was being made out of the matter altogether. Mr. Sullivan was insistent.

The speaker said that there was no occasion for an intermediary in any difficulty between Mr. Baily and himself. If Mr. Bailey would come to him himself an understanding could easily be reached. Mr. Sullivan then demanded either a written disclaimer or an acknowledgement of the insult. Any letter which the speaker might write, he said, would not be made public unless there should arise good occasion for doing so, but it should be understood by the speaker, he said, that Mr. Baily reserved that right in case he should feel called upon to give the disclaimer publicity.

Upon this understanding Mr. Reed wrote Mr. Bailey a friendly letter, in which he assured him that his remark had been intended to be jocular rather than insulting and winding up by asking him to come and see him so they could clear matters up. Upon receiving the letter from the speaker, Mr. Bailey went to Mr. Reed's room and explanations followed, which were entirely satisfactory. Neither Mr. Bailey nor Mr. Reed will discuss their difference, stating that it was purely a personal matter growing out of a misunderstanding.

### FROM PROMINENCE TO POVERTY.

Sad Plight of John A. Brigham, Who Was Once a Distinguished Member of Congress.

[Springfield (Mass.) Republican.]

John A. Brigham, of Ohio, is an applicant for a government pension of \$25 a month. He needs the money to keep him from starving. Mr. Brigham's name was once well known. President Lincoln made him a Judge Advocate, and he was also a government solicitor for the Court of Claims. Later he represented an Ohio district in Congress, where he remained for sixteen years, and was one of the House managers in the impeachment of President Johnson. Then for twelve years he was United States Minister to Japan. But he appears never to have been able to save a cent of the thousands of dollars paid to him as a public official, and in his old age he has to turn to the Government for help—a striking example of the demoralization effected by office-seeking and office-holding.

### HAWAIIAN ANNEXATION.

Islands of the Pacific May Be of Use During the War.

Washington, April 26.—Hawaiian annexation, which could not be accomplished in time of peace, is more than a probability now that war is on.

It is learned that a great effort is to be made in the present week to procure the ratification of the treaty annexing the Hawaiian Islands to the United States. Secret sessions are to begin early in the week for this purpose.

At last accounts there were 55 votes in the senate assured for the treaty, five less than required.

Senator Davis believes now that some of the original opponents of the treaty have been made to appreciate the strategic value of the Islands in view of the pending war with Spain.

### Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. James Wood, druggist, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

The largest price ever paid for a single railroad ticket at Cincinnati was for the ticket upon which the C. & T. Thomas troops were transported to Florida over the Louisville and Nashville. The price paid for it was \$15,122.50.

MR. A. O. TANNER, of Pittsburgh, who has been at Alexander & Bros.' livery and stable stables for a few days past, received twenty head of horses and they, with a large number purchased elsewhere, will be shipped to his home this evening.

MR. JOE KINDIG, the well known horseman, was at Daulton & Bros.' stable Monday buying horses, and he secured fourteen good ones, paying from \$60 to \$125 each for them. It was as nice a bunch of horses as he has ever been able to get here. They will be shipped to-day over the L. and N., and Mr. Kindig will take a few horses from Nicholas County.

AS soon as the official call from the President reaches Governor Bradley, he will call out the three regiments of the State guard, which now consists of 1,500 men. Enough volunteers will be recruited at once to make twelve companies of 103 men each in each regiment, 3,700 men in all. This will complete Kentucky's quota of soldiers allowed under the call.

It is announced that the Kentucky association race course and the personality belonging thereto are to be sold at auction, but the date or terms of sale have not yet announced. The track, grounds and improvements represent an outlay of about \$60,000, but the association has been a failure from the beginning, and racing in Lexington is about dead for all time to come.

IF you are a close buyer and want to save money, here's something that will interest you. Two hundred bushels of Chesapeake coal will last longer, give less ashes and better satisfaction in every way than any other coal ever brought to Maysville. It will positively save you 35 cents on every \$1 you spend for fuel.

IT is thought that an unusually large crop of tobacco will be planted throughout this State. The high prices which have lately been paid for the weed from adjoining counties have acted as a great stimulus to tobacco growers. The recent cold weather has destroyed tobacco plants throughout Northern Kentucky, but many farmers in Boone and Kenton counties are preparing to resow their plant beds.

Cleveland, April 26.—Without any special effort the Erie railroad established a new record for speed between New York and Cleveland. The time of all roads between the two points was broken by one hour and 51 minutes. A special newspaper train left New York at 3:30 a. m. and arrived in Cleveland at 3:54 p. m. The Wooten pattern of engine was used and the train consisted of an engine and five cars from New York to Hornellsville and an engine and two cars from Hornellsville to Cleveland. Some 16 stops were made on the trip.

THE Governor has pardoned John Stanley Searcy, son of John Searcy, proprietor of the Enterprise Hotel, Louisville, convicted in the city court of carrying concealed and deadly weapons and given a fine of \$50 and ten days. It seems, however, that a pardon in this case was deserved, and in granting clemency the Governor said: "It appears that the applicant took the pistol from a drunken friend to prevent trouble; that in taking it it was accidentally discharged, and he put it in his pocket, and the policeman came up and arrested him."

### THE FEVER SPREADS.

Employees of the Keith-Schroeder Harness Company Become Imbue With the War Spirit.

Everybody seems to be aching for war. Even the women and the girls are belligerent. The small boys are shouting the news of battle and the war spirit seems to have taken possession of the whole nation. The residents of this city have just begun to realize that war times are really here in all the term implies and preparations presage the day but little distant when the youth and young men of Maysville will march away in their country's service.

In stirring times such as these, when the people are wrought to the most extreme pitch of anxiety and excitement, the employees of the Keith-Schroeder Harness Company, this city, show their patriotism and love of country in the true spirit.

Yesterday they tendered their services to the government and signified their willingness to respond to a call for volunteers whenever made. Here are the names of the warriors bold, and there are no braver boys anywhere. There is no fear about their giving a good account of themselves wherever they may be sent:

Entertained the Bontons. The Bonton Cooking Club was entertained last Friday evening by Miss Mattie Wadsworth at the hospitable home of Judge and Mrs. Thomas Phister. The rooms were beautifully decorated with flowers of every description whose fragrant perfume lent enchantment to the happy crowd. Refreshments were served and dancing was indulged in until a late hour, and after bidding the hostess good night and thanking Judge and Mrs. Phister for the many favors shown, the guests departed for their respective homes.

### River News.

The Bonanza and Virginia will be the up packets this evening, while the Lizzie Bay will pass down.

There has been nearly a three-foot rise at the headwaters of the Ohio, and the Muskingum and Kanawha are also rising.

The river is rising slightly at this point, but as there is not much water coming from above the Ohio will soon begin to recede again.

## LOTS IN SPIRIT WORLD.

Indiana Spiritualist Association  
Selling Them.

### COULD NOT FURNISH DEEDS.

Corner Lots Were Worth Twice as Much  
as Lots and the Streets Were  
Paved With Gold With Assessments All Paid.

Anderson, Ind., April 25.—In order to raise funds for the Indiana Spiritualist association, certain leaders opened a sale of lots in the spirit world.

They platted off imaginary cities in the great hereafter and put them up at popular prices—\$10 for a corner location on streets of gold inlaid with pearls, and \$5 for center of the block location.

The sale went along very smoothly until a Kansas man who wrote for a lot—corner one at that—in the spirit land insisted that he must be given a deed. It was found that deeds were not obtainable and he denounced the affair as being crooked. The Spiritualists state that the sale is simply a method of raising contributions.

**Wild Man of Indiana.**  
Argos, Ind., April 25.—During the past few days the wild man who has been camped in various woods throughout northern Indiana has been in camp in the Wyson woods, a few miles north of here. But few people, if any, ever visited him in his camps, as it was feared that he would not give them a cordial reception. But two men braved their way to his camp. They were W. W. Best and N. A. Lehman. Much was learned of the wild man's history. His name is Casper Hunde- man. He is a German, and seems to have had a fair education, and writes well.

**Patriotic Services.**  
Indianapolis, April 25.—The services at the First Baptist church were opened by a bugle call. Rev. Thomas J. Villers preached a sermon on "Cuba and the American flag." The walls and ceiling of the church were draped with the Union Jack and the American and Cuban flags. At the words "When the American flag and Union Jack are joined the combination can never be beaten," the congregation rose to its feet and the building shook with cheers and handclapping. Old gray-headed churchmen started the singing of "America" and they were joined by the great congregation.

**High School Building Burned.**  
Winchester, Ind., April 25.—The high school building was totally destroyed by fire. The loss will reach \$30,000, and there was only \$11,000 insurance. The fire started in the chemical laboratory, and as this city has no fire protection whatever the citizens were compelled to stand and watch it burn, without doing a thing to save it.

**Struck by an Engine.**  
Evansville, Ind., April 25.—An engine on the Evansville and Indianapolis ran into a hand-car above Petersburg, on which was Jasper Bennett, wife and 3-year-old child. The child was killed. Mrs. Bennett, in attempting to rescue it, was fatally injured. Bennett is the station agent at Blackburn.

**A Slight Hitch.**  
Detroit, April 26.—It is reported here that owing to disagreements over orders the Detroit naval reserves will not go to Norfolk navy yard on Tuesday, as ordered. Assistant Secretary of the Navy Roosevelt notified the naval reserves "to follow the navy department as to the number of men, instead of instructions from Captain Crowninshield." The reserves held a meeting with the result that Lieutenant Commander Gilbert Wilkes, with the permission of Governor Pingree, left for Washington to confer with Secretary Roosevelt as the meaning of the telegram was not clear.

### Destination of Audaz.

Queenstown, April 26.—There is little doubt in naval circles here that the Audaz, which, in compliance with orders from the British admiral, left port at 5:45 a. m., will go to Ferrol or Cadiz from here, as a considerable quantity of her war equipments have still to be placed on board of her before she can be pronounced ready for active service. Her sister boat, the Osado, which towed her here from Waterford, went to Ferrol from Queenstown to be fitted with the equipments not furnished by their English builders.

### Will Be Ordered Away.

London, April 26.—The officials of the British foreign office expect that the London Gazette, the official organ of the government, will publish a formal notice that the warships of the belligerents, Spain and the United States, must leave British ports within 24 hours.

Lisbon, O., April 26.—William E. Holtz, a married man of family and an employee of the tin mill, while at work had his arm caught in the machinery and so badly mangled as to necessitate amputation below the elbow.

### LOUISVILLE TOBACCO MARKET.

Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 1897 hds., with receipts for the same period 906 hds. Sales on our market since January 1st amount to 61,317 hds. Sales of the crop of 1897 on our market to this date amount to 45,000 hds.

With continued light receipts and comparatively moderate sales, the stock of unsold tobacco on our market is being materially reduced. The manufacturers are giving all grades of burley tobacco close attention. The market has been active and strong, the quality of the offerings in the main poor. When anything with merit has been offered, it has been taken at better prices than at any time during the season. There has also been some improvement in the prices for the medium and common grades.

Old Burley.—Prices for old burley are gradually improving, the grades selling from \$10 down, being relatively higher than the better sorts.

The following quotations fairly represent our market for burley tobacco (1897) crop:

Trash (dark or damaged) ... \$ 3 00@4 50

Common color trash ... 5 00@6 50

Medium to good color trash ... 7 00@10 00
